JUNE SHINES WITH PRIDE: JOIN THE CELEBRATION!

Celebrate Pride in style with Planned Parenthood at Pink Liberation—a vibrant evening dedicated to individuality, self-expression, and the strength of community.

Enjoy signature pink cocktails, tasty finger foods, and meaningful connections with new friends as we toast to love, liberation, and health for all. This event is also a fundraiser for the REACH Clinic, a local reproductive healthcare provider offering free, inclusive contraceptive services to uninsured and underinsured individuals.

THE MAP

The Massachusetts Medication Abortion Access Project, or **The MAP**), is a telemedicine platform aimed to provide medication abortion care to individuals throughout the United States. Those who live in the United States and had their last menstrual period begin less than 11 weeks ago may be eligible for **The MAP** services. **The MAP** provides:

- Medication abortion pills for immediate and future use
- Miscarriage management
- Period Pills - learn more about Period Pills **here**

To learn more about **The MAP** and their services, please visit **here**.
